## President's Corner...

### Hello Lake Gaston!

**"Connecting Community, Preserving Paradise!"**

As we close out the fourth quarter and look back on the year, I want to take a moment to express my sincere appreciation and gratitude for the commitment, energy, and collaboration that continue to define the Lake Gaston Association. This past quarter has been a strong finish to the year, marked by steady progress, thoughtful stewardship, and a shared dedication to protecting and enhancing our lake community. Just one example is all the time, effort, and work that went into the collaboration with Dominion Energy working on the new Shoreline Management Plan (SMP) and all the associations and professionals involved.

One of the most positive themes of this quarter has been engagement. Our members have remained actively involved—attending meetings, sharing ideas, volunteering time, and supporting LGA initiatives such as our John 3:16 Initiative. This involvement strengthens our voice and reinforces our role as a trusted advocate for Lake Gaston. It is clear that when we work together, we are more effective and more impactful.

I am especially grateful to our Board of Directors for their leadership and professionalism. Throughout the fourth quarter, the Board has continued to focus on sound governance, long-term planning, and responsible decision-making. Your willingness to ask the right questions, consider diverse perspectives, and keep the best interests of the lake at the forefront has been invaluable.

Operationally, the Association remains on solid footing. We have continued to manage our resources carefully, maintain transparency, and support initiatives that align with our mission. Whether through environmental awareness, shoreline and water-quality advocacy, or constructive relationships with partner organizations and agencies, LGA has remained proactive and positive in its approach.

As we move into the New Year, there is much to be optimistic about. The foundation we have built—strong membership, engaged leadership, and a clear sense of purpose—positions us well for the opportunities ahead. While challenges will always exist, I am confident that the Lake Gaston Association is well prepared to meet them with cooperation, integrity, and resolve. Thank you for your trust, your support, and your ongoing commitment to Lake Gaston. It is an honor to serve as your President, and I look forward to continuing our work together in the year ahead. If you are not a member, I encourage you to become one by visiting our website <https://www.lgancva.com> and clicking on "Membership." It's only \$30/year for a general membership or \$300 for a lifetime membership. I also want to encourage those who have not volunteered to do so, if possible, or make a small donation to the LGA.

I wish everyone a very Merry Christmas and a Happy, Healthy, and Prosperous New Year!

## Lake Environment Committee...

### Shoreline Management Plan Review Nears Completion

Every five years (since 2005), Dominion Energy is required to update its Shoreline Management Plan (SMP) for the Gaston and Roanoke Rapids Lakes. The intent of the plan is to protect and enhance the two lakes' natural resources while encouraging economic development activities that complement or have neutral effects on these natural resources.

Dominion owns and is responsible for the lakes' shoreline. The Lake Gaston Association (LGA) represents numerous stakeholders who have a vested interest in a healthy lake that is beneficial to all users. The LGA has been extremely involved in

the review process, beginning last October with two public comment sessions. The LGA then provided written comments and participated in a Dominion-sponsored Working Group meeting with other agencies and stakeholders.

The process should be concluded with a new revision (Rev4) of the SMP being published in early 2026. The LGA has been and will continue to be engaged in advocating for our members. Once the final document is available, we will provide details to you.

## Wednesday, February 4, 2026, 9:30 a.m. Monthly Membership Meeting

at the Lake Gaston Baptist Church: 2378 Eaton Ferry Rd, Littletton

**Topic: "Dam! What's the Plan?" Come learn about Dominion Energy's Emergency Action Plan (EAP)**

**Speakers: Clifford Johnson - EAP Manager, Josh Simpson - Reservoir Program Manager, and Corey Chamberlain - Hydro/Renewables System Support Consultant**

**Coffee and pastries from Lake Gaston Coffee Company will be provided**

**This meeting is open to the public, and LGA membership is not required.**

**The presentation will be recorded and posted on the LGA's YouTube Channel.**

**For more information, please email us at [execdir@LGAn hva.com](mailto:execdir@LGAn hva.com) or call (252) 586-6577.**

## **Membership & Volunteer Engagement Committee...**

As I've said before, our membership renewal period is an indication of how the LGA is doing every year. It's kind of like a report card. If the reader likes the product, in most cases, they renew. It's not too late to renew or join. I think we do good stuff! Scooter's "President's Corner" at the beginning of this bulletin says it best. Please make sure to read his article.

I'd like to again thank all who donated toys to the John 3:16 Christmas Outreach Program, especially our business members Lake Gaston Ace Hardware, The Lake Gaston Regional Chamber of Commerce, Lake Gaston Coffee Company (all 3 locations), Lake Gaston Outfitters, Gus' Grill and Bar, Timber Waters, Bragging Rooster, and Family Dollar by Food Lion.

Thanks for reading.

## **Community & Gov't Relations Committee...**

### **Five County Forum, Stakeholders, and Weed Council Spring Meeting plans**

It has become a tradition for the Lake Gaston Association to bring together the leadership of the five counties surrounding Lake Gaston for sharing information and fellowship. Plans are beginning to come together for this forum to take place on the morning of March 10th at the Lake Gaston Lions Club.

In the last few forums, we have discussed the economic value of Lake Gaston and a vision for its future. The theme for this year's forum will be "Tourism: A Lake Gaston Economic Driver." We look forward to hearing from each county about their plans and how we can all work together to benefit our lake community.

The Pete Deschenes Lake Gaston Stakeholders Board will then meet following lunch to hear details on the recent revisions to Dominion Energy's Shoreline Management Plan. North Carolina State University Extension/Aquatic Plant Management Team will provide information on the 2025 aquatic vegetation treatments and fall survey. The 2026 Technical Advisory Board recommendations will then be presented to the stakeholders for their consideration.

# **Tuesday, March 10, 2026, 9:00 a.m. Annual Stakeholders' Forum**

**at the Lion's Club Den, 139 Stanley Rd, Henrico, NC**

## **Topic: "Tourism: A Lake Gaston Economic Driver"**

**We need a headcount for this event, so please RSVP to [execdir@lgancva.com](mailto:execdir@lgancva.com) or call (252) 586-6577 if you would like to attend.**

This meeting is open to the public, and LGA membership is not required.

It will be recorded and posted on the LGA's YouTube Channel.

## ***From the desk of the Executive Director...***

When you review the proposed 2026 budget on the next page, you might wonder about the line item for the expense labeled "Executive Director fees - \$20,000." Many people might not know that the Executive Director is the only paid position within the LGA organization.

The following job description is taken directly from the LGA Bylaws: "An Executive Director position is established to provide continuity of effort for the organization. This is a paid position and reports directly to the President. The Executive Director is responsible for the smooth and efficient operations of the LGA. Duties include but are not limited to maintaining all files and records of the organization, answering routine email and telephone inquiries -- or redirecting them to the appropriate Director, advising the Board on policies and procedures, and carrying out other duties as assigned. The Executive Director is expected to be knowledgeable about all LGA programs, priorities, functions, and issues. The Executive Director serves as a non-voting advisory member of the Executive Committee and as an informational resource to all Directors."

In addition to these duties, the Executive Director also attends all monthly Board and Membership meetings, as well as any Committee meetings that have upcoming events. Assembling and sending out this quarterly bulletin and the monthly "Splash of News" newsletter is also part of the job. Some weeks are busier than others, but it averages out to about 20 hours of work per week. If you ever have any questions about Lake Gaston or the LGA, please do not hesitate to call or email me, and I will do my best to help!

## ***What the LGA does for our members...***

We identify lake issues affecting our members and pursue a resolution with the responsible organization(s).

### ***We do this by...***

- ▶ working to [conserve our lake's natural resources while protecting your recreational enjoyment](#) by monitoring and controlling pollution, sedimentation, and invasive species, supporting research and best management practices that maintain Lake Gaston's water quality for all users.
- ▶ [engaging](#) with our [local governments](#) to inform and influence decision-making in your best interest.
- ▶ supporting and [promoting safety](#) in our communities and on the water to encourage a safe environment.
- ▶ [advocating](#) and encouraging a clean, healthy, and desirable [lifestyle](#) along the roadsides and shorelines of beautiful Lake Gaston.
- ▶ [informing](#) and communicating on [Lake Gaston issues](#) via email advisories and quarterly Bulletins, emergency, weather, and water level alerts, open-door monthly meetings, website, social media, press releases, radio broadcasts, and public forums.

We accomplish this by building relationships and coordinating efforts with Dominion Energy, the Lake Gaston Weed Control Council, North Carolina and Virginia Wildlife Agencies, North Carolina State University, local Law Enforcement and Emergency Management, the Chamber of Commerce, the Lake Gaston Water Safety Council, LKG 911 Community Task Force, and many others.
